

Did You Know?

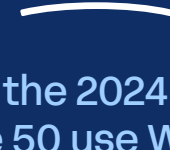

Workday GO . . .

JADE
GLOBAL

WorkdayGO

. . . empowers SMBs that want to go big.

Workday GO provides small and midsize companies with a scalable AI platform you'll never outgrow—even when you're ready to go bigger than ever before.

70% of the 2024 Fortune Future 50 use Workday

. . . gets you up and running in as few as 60 days.

Low-risk, fixed-fee preconfigured packages ensure on-time, on-budget activation in as few as 60 days, ensuring cost-effectiveness and timely go-live.

42% faster time to value with Workday GO

. . . simplifies work to help your teams get more done.

Use AI to automate HR and finance processes, such as onboarding, performance reviews, and invoice approvals, to help teams improve efficiency, reduce errors, and free up time for more strategic work.

Increased efficiency by 35% with AI

According to BCG's "**The Vitality Code Playbook**," AI-enabled applications drive efficiency and innovation across industries, often cutting months from processes.

. . . keeps you ahead of change and the curve.

Adapt to change with agility and speed with an AI platform that delivers the latest innovations so you're ready to go, regardless of what's next.

. . . takes you from "works for now" to "works forever."

Workday GO meets your needs today while empowering you to go big tomorrow, with the ability to add the functionality you need when the time is right without switching platforms.

Simplify HR and finance with a secure and adaptable AI platform that you'll never outgrow.

HCM.

Real-time insights and automated HR operations, workforce management, payroll, and performance.

Finance and spend.

Automated and scalable finance operations and business insight based on dimensionality.

. . . stops threats and your biggest worries.

Gain the peace of mind that only comes with security designed to protect all aspects of your business—including reporting, integrations, and mobile access.

. . . connects you to a community of +356K active and engaged customers and partners.

Join your peers in the Workday Community portal to help shape Workday features, learn best practices, celebrate wins, and more—because moving business forward is better when done together.

. . . provides up-to-the-minute insights with real-time reporting.

Create reports more efficiently and deliver deeper analysis with a multidimensional model and real-time accounting and reporting enriched with operational data. [Learn more.](#)

WorkdayGO

Are you ready for the AI platform that simplifies HR and finance today so you can go big tomorrow?

We designed Workday GO to bring everything small and midsize enterprises need to manage HR, finance, payroll, and planning together on one AI platform. It's enterprise power without the enterprise price.

With a streamlined buying experience that's tailored to your unique needs and industry, you can activate with fixed costs and lower risk to move your organization forward, faster.
